

St Helier Chair Bed and Leg lifter

This chair bed is brand new to the market, and fills the gap for people needing help to lift their legs up onto the bed without the need for a carer. It can be a full size single bed (3ft with the arms down) down to a small single of 2ft 6.

NEW (for pressure care)

4 Way Stretch Breathable Material Available For Pressure Care, Waterproofing and Eazy Cleaning (Available through the middle of the chair including footplate & arms with standard material on the outside of the chair).

OPTION OF FOOT EXTENSION SO YOUR FEET ARE SUPPORTED ON THE FOOTPLATE, RATHER THEN YOUR ANKLE SUPPORTED WITH YOUR FEET HANGING OVER THE END.

It can be used either upstairs or downstairs for people who can not get upstairs and has a standard weight capacity of 18 stone but can be upgraded to 25 or 35 stone.
